## Complete an application form for change of a permanent residence permit

### THE APPLICATION TO CHANGE A PERMANENT RESIDENCE PERMIT

I want to change my permanent residence permit because it has expired, my personal information has changed, the permit has become unusable, it contains inaccurate records or the permit has been lost

#### Attention!

When completing the application, select the option „I am a UK citizen or a member of his / her family, having acquired the right to reside in Lithuania as an EU citizen or his / her family member before the end of the transition period (before 31/12/2020)“ from the drop-down list **as the basis for changing the document**.

From section „**Data on payment of the state fee**“ – select an option stating exemption from paying the state fee „I am a UK citizen or a member of his / her family, having acquired the right to reside in Lithuania as an EU citizen or his / her family member before the end of the transition period (before 31/12/2020)“.

After filling in the application, the system will direct you to the visit reservation area, where you will be able to book the desired visit time. Arrive at the Migration Department at the pre-booked time of your visit to submit the originals of the attached documents and your biometric data.

After receiving a notification about the decision in your MIGRIS account, please book the desired time for the service category „Documents issued to foreigners - collection“ via [www.migracija.lt](http://www.migracija.lt) and arrive for collection of your permanent residence permit. The residence permit card will contain a record stating that the permit has been issued in accordance with the provisions of the Withdrawal Agreement.

#### Are there any family members (not UK nationals) living together with you in Lithuania?

**If yes, then your family members are asked to login to MIGRIS ([www.migracija.lt](http://www.migracija.lt)) and complete the same e-application form for change of a permanent residence permit as the one that you have completed.**
